27 September 2006

Please find enclosed the result sheet for the Dragon Boat Championship 2006. Sorry for the delay, but I had a weeks holiday and then we had to look at amending the date for next year, as there was a clash with another event. This years event was another fantastic day with so many enthusiastic and skillfull teams.

The Dragon Boat Championships for 2007 will now be on 1st September, so you will need to gather your team well in advance, if you break for the Summer!but you have plenty of advanced notice! But the maximum number of paddlers in a team is being reduce to 18, which may help!

We will also be looking at the age group ranges for next year to encourage more teams to enter. If anybody has any views/suggestions on this we would be pleased to hear them. One of the perennial the problems is Saturday jobs that so many young people have, which obviously will affect the Explorer units.

Networks also seem to be very interested and keen to take part, so we need to come up with an age range that can satisfy all the different age levels and still fit them into the days racing.

So well done to all the teams that took part and especially to those who went away with trophies. We hope to see you all next year.

Graham Bucknell
Manager
